DURANT ENTERTAINS OKLA. LEGISLATORS

LOCATION OF SOUTHWESTERN NORMAL CELEBRATED.

Mass Meeting and Jubilee of Citizens in Court House—Banquet to Visitors at Elks' Club.

The above heading and the article below is a replica of the publicity given by Dallas News to Durant's celebration of the event of securing Southeastern State Normal. This news dispatch not only suggests the amount of legitimate publicity Durant secures through the report of her public spirited and intelligent local Dallas News correspondent of the occasion of the normal celebration, but as well, under the circumstances, there is called to mind the very small advertisement through the metropolitan press afforded Ada on account of her accomplishments. The Dallas News through several issues has reported Durant's state normal achievements under big head lines. What has the Dallas News reported as to Ada, which also secured a state normal? Substantially nothing.

City Attorney Tom Holt is the local Dallas News correspondent. Hard luck.

Durant, Ok., March 13.—Durant was in holiday attire today and the festive spirit was manifest on every hand, the occasion being the entertaining of members of the state legislature by citizens of this city in celebration of Durant's recent victory in the legislature for the location of the Southeastern Oklahoma normal school.

Invitations had been extended to Gov. Haskell and the entire legislature, and early this morning the senators and representatives, many accompanied by their wives commencing to arrive. About thirty were in attendance. The governor was unable to attend.

The lawmakers were entertained at the homes of citizens, and during the day were shown about the city. The festivities concluded this evening with a mass meeting and jubilee of citizens in the district court room. The crowd was so great that an overflow meeting was held on the street corner below. Both meetings were addressed by Representative Beeler of Checotah. Enthusiastic ovation of Culmet and Senator Beeler of Checotah. Enthusiasm ran high, and the speakers were loudly cheered.

Following the mass meetings a banquet was tendered the visitors at the Elks' club. The spread included nine courses, and was the most elaborate affair of its kind ever held in Durant. Attorney W. E. Utterback acted as toastmaster of the occasion, and many of the distinguished guests were called upon and answered in most pleasing manner to toasts appropriate to the occasion. A. C. Risner of this city, who was one of the last to speak, provoked a roar of laughter with a short, but eloquent speech in Choctaw.

Among the legislators who were present were Senators Beeler of Checotah, A. P. Stewart of Antlers, M. M. Meiminger of Atoka, Jesse Hatchett of this city and Colvill of Calumet, Representatives John R. McCalla of Marietta, W. E. Semple of Caddo, Humphries of Atoka, Ben Williams of Antlers, John Wayne of Ardmore, Harry Utterback of Kingfisher County, John Gilmer of Ardmore, S. G. Jones of Oklahoma City, Joe Sherman of Majors County, James Lockwood of Lincoln county.

Music for the occasion was furnished by an orchestra from Sherman, and the table was spread in a most elegant manner by the ladies of the Christian church. Plates were laid for 150, and the 100 tickets allotted to be sold in this city at \$2 were taken before noon Friday, and more were called for, but could not be sold before.

The Chamber of Commerce maintains an office in the Durant State Bank Building, and its secretary, Attorney John P. Bramhall, devotes practically all of his time in attending to the interests of the association and in entertaining prospective investors or those contemplating locating here.

The affairs of the association are governed by a board of directors.

SPEAKER A. M. KENNEY IS REQUESTED TO RESIGN

Gaines-Hill Resolution Adopted by Texas House After Nineteen Hours' Debate, the Vote Being 70 to 48.

Austin, Tex., March 13.—After nineteen hours of memorable debate, Speaker A. M. Kennedy of the house of representatives went down in defeat tonight, there being a majority of about twenty against him.

Immediately after the vote was taken the speaker took the gavel and declared the regular session at an end. Thereupon he immediately reconvened it in special session in obedience to the governor's proclamation, and, after the transaction of a small amount of routine business a motion was carried to adjourn until Monday at 2 p. m.

Kennedy's Act on Causes Surprise.

This course on the part of the speaker came as a surprise. It had been expected that when the resolution condemning his course was adopted he would tender his resignation. When he did not do so all but his most intimate friends could not conceal their astonishment. Asked about it, the speaker said:

"I have nothing to say. I have done too much talking already."

Mr. Davis of Brazos, who has been one of Mr. Kennedy's floor managers in this fight said:

"Must wait for developments."

"You must wait for developments to ascertain what is going to happen."

The closing scenes of the debate were dramatic, and one of the most affecting was when the employees of the house presented the defeated one with tokens of their esteem. The speaker's defeat was forecast on the substitute resolution which his friends advocated. This was tabled by 67 ayes to 50 noes. Then defeat was made an absolute certainty by the adoption of the original resolution his opponents had offered after it had been changed by eliminating the charge of oral turpitude, the vote being 70 ayes to 48 noes.

JUDGE TERRRELL WRITES

WOULD NOT DESIRE DISTRICT JUDGESHIP AT THE EXPENSE OF THE GOVERNOR'S APPROVAL OF THE ADA NORMAL BILL.

March 15th, 1909. Governor Charles N. Haskell, Guthrie, Okla.

Dear Sir:—As I am an applicant for appointment to the office of additional District Judge, lately created by the legislature for the Seventh Judicial District; and as I have heard it stated here that you would not give Ada the Normal School and the Judgeship also, I wish to plainly state my position upon this question. Should my candidacy for Additional District Judge in the Seventh Judicial District in any way jeopardize the chances of Ada's getting the Normal School, then I will respectfully ask that you consider my application for appointment to said position withdrawn.

I do not know whether the rumor has any foundation in fact or not, hence this communication.

Very respectfully,
JOEL TERRELL.

ON TO AFRICA IS TEDDY AND SON

ROOSEVELT AND HIS BOY BUSY
PACKING, GETTING READY
FOR THE JUNGLES.

A GOOD-BYE REUNION

Theodore Jr., Coming from Connecticut, Archie from Virginia School.
Mrs. Longworth to Be There.

Oyster Bay, L. I., March 14.—Former President Roosevelt and Mrs. Roosevelt walked today from Sagamore Hill to the Episcopal church for the morning service and afterward returned home on foot, covering all the six miles. Several callers were received by Mr. Roosevelt in the afternoon. The former chief executive will enter on the formal work of preparations for the Roosevelt-Smithsonian expedition tomorrow. It will be about a week, as considerable packing remains to be done and business affairs of the former president also will require some of his time. These latter matters will be set in order in anticipation of at least a two years' absence abroad.

To Inspect Boat Quarters.

Farewells to numerous friends and relatives are to be said, and a visit to Hoboken is contemplated to inspect the party's quarters aboard the steamer and see that the outfit of the expedition is safely stowed away, where it can be quickly reached and trans-shipped at Naples. One day of the week will be devoted to a family reunion at Sagamore Hill. In addition to all this, Mr. Roosevelt will spend some time each day, as is his habit, in outdoor exercise, and he hopes also to have a chance early in the week to try out the rifles he will use during the hunt on the target range near his home. His duties as a magazine editor will take him to New York several times during the week.

Scientists Expected.

It is expected also that during the week the Smithsonian members of the expedition will come to Oyster Bay for a final conference with Mr.

Roosevelt. There will be numerous boxes and trunks to pack with articles comprising the personal effects of Mr. Roosevelt and Kermit.

Large Supply of Clothing.

Each has provided himself with a large supply of clothing for tropical wear. Mr. Roosevelt has over a dozen pairs of shoes and boots of leather and rubber. Some are hobnailed and others rubber soles. They range from the ordinary styles to those with tops extending above the knee. Kahki cloth is the principal material from which the outer clothing of Mr. Roosevelt and Kermit is made. Several suits made from waterproof material are included in each outfit. The rifles of Mr. Roosevelt and his son will receive more care than anything else in their equipment. These are inclosed in special water-tight cases. The photographic kit of the expedition, of which Kermit has charge, is a model of its kind. The young man is very proud of it, and he feels the photographs he is to make are to be of as great importance as the specimens of animals his father will shoot for the national museum. These photos will form a scientific collection of themselves. The steamer Hamburg, on which the members of the expedition will make the first leg of their trip, will reach Hoboken toward the latter part of the week, and Mr. Roosevelt and Kermit, accompanied by Mrs. Roosevelt and Miss Ethel will look over the staterooms.

For Family Reunion.

During the latter part of this week Mr. Roosevelt's sons, Theodore Jr., who is employed at Thompsonville, Conn.; Archibald, who is attending school at Groton, Mass., and Quentin now at the Episcopal High School, Alexandria, Va., will come home to attend a family reunion. Mrs. Nicholas Longworth, Mr. Roosevelt's eldest daughter, is expected at Sagamore Hill.

MR. THOMAS IS EXPELLED BY TEXAS SENATE

Gentleman from Hopkins County
Loses Seat in Upper House by
Vote of 21 to 8.

Austin, Tex., March 13.—The friction which has existed in the Texas State Senate because of the charges made by Senator H. Bascom Thomas of Hopkins county, sometimes upon the floor of the senate, but more especially through the public prints, culminated today in the expulsion of Senator Thomas from that body by a vote of 21 to 8.

The immediate cause of this drastic action was a statement which Senator Thomas gave to the press this week criticising the senate for its action in respect to the report of the committee which investigated his charges that there had been wholesale violations of the anti-lobby law. Prior to this the senate had been dealing with alternate charges and retractions from Senator Thomas, but his use in the statement of the words "graft and corruption" in connection with the legislature caused the senatorial wrath to boil over, or its patience to exhaust.

Through the good offices of Senator Cofer, Mr. Thomas was given a chance to prove the truth of his charges, and after much seesawing it was brought down to the proposition that it had been shown in the investigation that Senators and Representatives had played poker with lobbyists; that lobbyists had paid their fines, etc. Jake Wolters of Houston, whom he called to prove that he (Wolters) had given such testimony before the committee absolutely denies it, and the committee had done.

This testimony had reference to a particular game. Then the senate ordered that Mr. Thomas might present charges as to any gambling in which Senators participated, involving corruption on their part, he having previously explained that he did not mean to apply the "graft" charge to the senate. It was further ordered that he must specify names, but need not specify times and places.

Accused Woman of Bootlegging.

Guthrie, Ok., March 13.—Mrs. W. A. Lents, the first woman to be admitted to the practice of law in Oklahoma in territorial days, was released upon bond from the federal jail here today, where she had been placed on the charge of introducing liquor upon Osage Indian lands. Mrs. Lents was once city attorney of Shawnee.

The liquor taken from her by federal officers was in sacks moored to a stake and sunk in the Arkansas river near her home in the Osage country, opposite the town of Cleveland.

May Reopen Liquor Agencies.

Guthrie, Ok., March 14.—Failure of the legislature to act upon the dispensary question will probably result in reopening of the state and local liquor agencies, although upon this point Gov. Haskell has made no statement. Following the general election the Governor, in proclamation, closed the agencies, announcing that the people's vote had been against the system, but in an appeal being taken to the supreme court on a test case for the sale of alcohol that tribunal held that the Billups law, in this respect, had not been repealed. The state agency was then kept open for sale of alcohol to druggists for pharmaceutical purposes, but the announcement was made that no action would be taken toward the local agencies until the legislature had been given an opportunity to act.

A bill by Senator Billups reducing the state agency to an alcohol supply house for pharmaceutical purposes, and abolishing the local agency system, passed in the senate, but died in the house without being called on the calendar.

Gov. Haskell's friends say that every opportunity has been given to correct the law, and that in the absence of legislative action presumption is in favor of the local dispensary system.

BIG TENT SHOW COMING.

Burk's Big "Uncle Tom's Cabin Co."
Will Exhibit at Ada, March 20.

This is the first time that the public have had an opportunity of seeing the "New Version" of "Uncle Tom's Cabin," the greatest dramatization of this popular play ever written. Mrs. Stowe's Historical play has ever been a favorite with the women and children, and they always go to see it whenever an opportunity presents itself. Burk's Big "Uncle Tom's Cabin Co." has the distinction of being the largest organization of its kind on the road, they carry a special train of their own palace cars to transport their people, horses, ponies, donkeys, dogs, chariots and other paraphernalia necessary to present the only grand spectacular production of this the most successful drama ever written. The characters of Uncle, Eliza, Little Eva and Marks are all ably presented by a competent cast, and the large contingent of Singers and Dancers, blood hounds, etc., give a realistic performance. The scenic and mechanical effects are good, and the picturesque transformation scene forms a fitting finish to the whole. So carry the news and tell your neighbors. The only Big Show Coming will exhibit at Ada afternoon and night, March 20th.

FACTS

It has been under ONE continuous MANAGEMENT since the organization. Now in its NINTH year. The BANK that has helped to build ADA and assisted more FARMERS than any institution in—

Pontotoc County

Mesdames Ebey and McKeown.

When the state normal vote was pulled off in the house, Ada was represented on the floor and in the gallery with two of her accomplished ladies. Mrs. W. H. Ebey sat with the chief clerk of the house, whose desk is at the stand of the speaker. Mrs. McKeown graced the gallery and honored Ada's gentlemen representatives and boosters by sitting in their midst and leading the gallery applause. These ladies added lustre to the occasion and enjoyment to the achievement of victory.

It is suspected that more than one Oklahoma legislator, when he had cast his righteous vote for Ada, directed his glance to the wife of the chief clerk to receive the charming, un-falling smile of appreciation.

A SMALL BLAZE.

An alarm at 10 o'clock this morning brought the fire department to the residence of W. T. Cox, on South Rennie ave., where a small blaze had been precipitated supposedly by a sinder from the flue lodging in the shingles on the south side of the roof. Fortunately it was discovered before it had gained a headway and the only damage is a small hole in the roof. The fire wagon was a little slow arriving, due to the fact that the horses were working the sprinkler at the time and had to be taken to the barn and rebitched.

Seriously Injured.

Yesterday afternoon Mr. G. L. Clement, of this city, happened to a painful and serious accident on Main street in an effort to stop a runaway team. Mr. Clement was on the sidewalk when he observed the team coming at full speed, and, running to the middle of the street, he made an effort to reach the reins when he was thrown under the wagon, sustaining a fracture of the hip, some broken ribs and several other minor bruises and abrasions. His wounds were attended to immediately and there is very little probability of fatal results.

Hid In His Pockets.

C. W. Floyd, county commissioner, who was one of the normal boosters in Ada when the normal bill passed, phoned the good news to his family and during the conversation he passed the pleasantries that he would bring the normal home with him. When Charlie was on his way to his home from the depot following his arrival, as was her custom his little daughter met him and began to vigorously search his pockets. Finally she broke down in disappointment. "Papa, I thought you were going to bring the normal home with you."

Thanks by Colonel and Mrs. Cox. The News with pleasure responds to the request of Colonel and Mrs. W. T. Cox, that public announcement of their appreciation be made relative to assistance rendered by good neighbors and the fire company this morning on the occasion of the occurrence of the fire, which had ignited their roof. Colonel and Mrs. Cox thank all who came to their assistance.

SOME REASONS WHY IT PAYS

THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information regarding rates and manner of securing the service consult with your nearest local manager.

of the California Fig Syrup Co. and the scientific attainments of its chemists have rendered possible the production of Syrup of Figs and Elixir of Senna, in all of its excellence, by obtaining the pure medicinal principles of plants known to act most beneficially and combining them most skillfully, in the right proportions, with its wholesome and refreshing Syrup of California Figs.

As there is only one genuine Syrup of Figs and Elixir of Senna and as the genuine is manufactured by an original method known to the California Fig Syrup Co., only, it is always necessary to buy the genuine to get its beneficial effects.

A knowledge of the above facts enables one to decline imitations or to return them if, upon viewing the package, the full name of the California Fig Syrup Co. is not found printed on the front thereof.

YOUTHFUL MIND AT WORK.
Deduction Mother Must Have Found Somewhat Hard to Combat.

Miss Marjorie, aged five years, is one of those bright children who make the lives of their parents and teachers a burden. Quite recently she paid her first visit to a kindergarten. Upon her return home she grew enthusiastic, begging her mother to allow her to attend the school regularly.

"It was so very nice!" she declared sweetly. "And the teacher, Miss Lee, is so very nice, too! She told me if I was a good little girl I would grow up into a pretty lady, but if I was naughty I would grow up an ugly one!"
"That is quite true, dear," her mother answered with a smile.
Silently Miss Marjorie regarded the fire of pine logs. Presently she burst out: "Then what a naughty, naughty little girl Miss Lee must have been!"

Unknown to Science.
The eight-year-old son of a scientist showed a sudden interest in photography.

"Dad," he said, "they photograph comets and meteors and flying birds and lightning flashes and all sorts of moving things without any trouble, don't they?"
"Yes, my son."
"Then how is it they can't photograph a boy without putting his head in an iron frame?"

GOOD CHANGE
Coffee to Postum.

The large army of persons who have found relief from many chronic ailments by changing from coffee to Postum as a daily beverage, is growing each day.

It is only a simple question of trying it for oneself in order to know the joy of returning health as realized by an ill, young lady. She writes:

"I had been a coffee drinker nearly all my life and it affected my stomach—caused insomnia and I was seldom without a headache. I had heard about Postum and how beneficial it was, so concluded to quit coffee and try it."

"I was delighted with the change. I can now sleep well and seldom ever have headache. My stomach has gotten strong and I can eat without suffering afterwards." I think my whole system greatly benefited by Postum.

"My brother also suffered from stomach trouble while he drank coffee, but now, since using Postum he feels so much better he would not go back to coffee for anything."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

There is more merit in the opinion of the Colorado secretary of the bureau of child and animal protection that parents of bad children should be punished for the misconduct of their offspring than one would suppose at first thought. If the state had the power to bring parents to the bar of justice when their children went wrong, declares the Brooklyn Standard-Union, there would perhaps be a more determined effort to see that boys and girls lived in accordance with the ideals of civilization.

IN AGONY WITH ECZEMA.

Whole Body a Mass of Raw, Bleeding, Torturing Humor—Hoped Death Would End Fearful Suffering.

In Despair; Cured by Cuticura.

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony endured seemed more than I could bear. Blood and pus oozed from the great sore on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings. "In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I wish I could tell everybody who has eczema to use Cuticura. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."

DURANT ENTERTAINS OKLA. LEGISLATORS

LOCATION OF SOUTHWESTERN NORMAL CELEBRATED.

Mass Meeting and Jubilee of Citizens in Court House—Banquet to Visitors at Elks' Club.

The above heading and the article below is a replica of the publicity given by Dallas News to Durant's celebration of the event of securing Southwestern State Normal. This news dispatch not only suggests the amount of legitimate publicity Durant secures through the report of her public spirited and intelligent local Dallas News correspondent of the occasion of the normal celebration, but as well, under the circumstances, there is called to mind the very small advertisement through the metropolitan press afforded Ada on account of her accomplishments. The Dallas News through several issues has reported Durant's state normal achievements under his head lines. What has the Dallas News reported as to Ada, which also secured a state normal? Substantially nothing.

City Attorney Tom Holt is the local Dallas News correspondent. Hard luck.

Durant Ok. March 13—Durant was in holiday attire today and the festive spirit was manifest on every hand, the occasion being the entertaining of members of the staff legislature by citizens of this city in celebration of Durant's recent victory in the legislature for the location of the Southwestern Oklahoma normal school.

Invitations had been extended to Gov. Haskell and the entire legislature and early this morning the senators and representatives many accompanied by their wives and families.

ed to arrive About thirty were in attendance. The governor was unable to attend.

The lawmakers were entertained at the homes of citizens, and during the day were shown about the city. The festivities concluded this evening with a mass meeting and jubilee of citizens in the district court room. The crowd was so great that an overflow meeting was held on the street corner below. Both meetings were addressed by Representative Senator Beeler of Chickasaw, Senator Colwell of Calumet and Senator Beeler of Cherokee. Enthusiasm ran high and the speakers were loudly cheered.

Following the mass meetings a banquet was tendered the visitors at the Elks club. The spread included nine courses, and was the most elaborate affair of its kind ever held in Durant. Attorney W. E. Utterback acted as toastmaster of the occasion, and many of the distinguished guests were called upon and answered in most pleasing manner to toasts appropriate to the occasion. A. C. Risher of this city who was one of the last to speak provoked a roar of laughter with a short but eloquent speech in Cherokee.

Among the legislators who were present were Senators Beeler of Cherokee, A. P. Stewart of Antlers, M. M. Zimmerman of Atoka, Jesse Hatchett of this city and Colville of Calumet, Representatives John R. McCall of Marietta, W. E. Semple of Caddo, Humphries of Atoka, Ben Williams of Antlers, John Wayne of Ardmore, Harry Utterback of Kingfisher County, John Gilmer of Ardmore, S. G. Jones of Oklahoma City, Joe Sherman of Major County, James Lockwood of Lincoln County.

Music for the occasion was furnished by an orchestra from Sherman, and the table was spread in a most elegant manner by the ladies of the Christian church. Plates were laid for 150 and the 100 tickets allotted to be sold in this city at \$2 were taken before noon Friday and more were called for but could not be sold before.

The Chamber of Commerce maintains an office in the Durant State Bank Building and its secretary, Attorney John P. Bramhall, devotes practically all of his time in attending to the interests of the association and in entertaining prospective investors or those contemplating locating here.

The affairs of the association are governed by a board of directors.

SPEAKER A. M. KENNEY IS REQUESTED TO RESIGN

Gaines-Hill Resolution Adopted by Texas House After Nineteen Hours' Debate, the Vote Being 70 to 48.

Austin Tex. March 13—After nineteen hours of memorable debate Speaker A. M. Kennedy of the house of representatives went down in defeat tonight there being a majority of about twenty against him.

Immediately after the vote was taken the speaker took the gavel and declared the regular session at an end. Thereupon he immediately reconvened it in special session in obedience to the governor's proclamation and after the transaction of a small amount of routine business a motion was carried to adjourn until Monday at 2 p. m.

Kennedy's Action Causes Surprise.

This course on the part of the speaker came as a surprise. It had been expected that when the resolution condemning his course was adopted he would tender his resignation. When he did not do so all but his most intimate friends could not conceal their astonishment. Asked about it the speaker said:

I have nothing to say. I have done too much talking already.

Mr. Davis of Brazos who has been one of Mr. Kennedy's floor managers in this fight said:

"Must Wait for Developments."

"You must wait for developments to ascertain what is going to happen."

The closing scenes of the debate were dramatic and one of the most affecting was when the employees of the house presented the defeated one with tokens of their esteem. The speaker's defeat was forecast on the substitute resolution which his friends advocated. This was tabled by 67 yeas to 50 nays. Then defeat was made an absolute certainty by the adoption of the original resolution his opponents had offered after it had been changed by eliminating the charge of oral turpitude the vote being 70 yeas to 48 nays.

The Durant Chamber of Commerce, under whose auspices the banquet was given is composed of eight public spirited citizens of this city. It was largely through their efforts that the normal fight was won. It is estimated that during the past year these energetic boosters have raised for public enterprises not less than \$125,000. Besides the normal they have secured the location of the Presbyterian school for girls, purchased the right of way through Bryn county for the Mexico Orient and Gulf railroad, won the county seat location for Durant, organized a company and are now boring for oil. They have secured the location of a large hardwood factory, interested Northern brick manufacturers and potters in the shale and clay banks near the city, encouraged the planting of tobacco as a commercial crop and have the assurance that a large broom manufacturing company will erect a factory here.

ROOSEVELT AND HIS BOY BUSY
PACKING, GETTING READY
FOR THE JUNGLES.

A GOOD-BYE REUNION

Theodore Jr. Coming from Connecticut, Archie from Virginia School.
Mrs. Longworth to Be There.

Oyster Bay, L. I., March 14.—Form President Roosevelt and Mrs. Roosevelt were today from Sagamore Hill to the Episcopal church for the morning service and afterward returned home on foot covering all the six miles. Several callers were received by Mr. Roosevelt in the afternoon. The former chief executive will enter on the formal work of preparations for the Roosevelt-Smithsonian expedition tomorrow. It will be about a week as considerable packing remains to be done and business affairs of the former president also will require some of his time. These latter matters will be set in order in anticipation of at least a two years absence abroad.

To Inspect Boat Quarters.

Farewells to numerous friends and relatives are to be said and a visit to Hoboken is contemplated to inspect the party's quarters aboard the steamer and see that the outfit of the expedition is safely stowed away where it can be quickly reached and transhipped at Naples. One day of the week will be devoted to a family reunion at Sagamore Hill. In addition to all this Mr. Roosevelt will spend some time each day as is his habit in outdoor exercise and he hopes also to have a chance early in the week to try out the rifles he will use during the hunt on the target range near his home. His duties as a magazine editor will take him to New York several times during the week.

Scientists Expected

It is expected also that during the week the Smithsonian members of the expedition will come to Oyster Bay for a final conference with Mr.

Roosevelt. There will be numerous boxes and trunks to pack with articles comprising the personal effects of Mr. Roosevelt and Kermit.

Large Supply of Clothing.

Each has provided himself with a large supply of clothing for tropical wear. Mr. Roosevelt has over a dozen pairs of shoes and boots of leather and rubber. Some are hobnailed and others rubber soles. They range from the ordinary styles to those with tops extending above the knee. Kahki cloth is the principal material from which the outer clothing of Mr. Roosevelt and Kermit is made. Several suits made from waterproof material are included in each outfit. The rifles of Mr. Roosevelt and his son will receive more care than anything else in their equipment. These are inclosed in special water-tight cases. The photographic kit of the expedition of which Kermit has charge is a model of its kind. The young man is very proud of it and he feels the photographs he is to make are to be of as great importance as the specimens of animals his father will shoot for the national museum. These photographs will form a scientific collection of themselves. The steamer Hamburg on which the members of the expedition will make the first leg of their trip will reach Hoboken toward the latter part of the week and Mr. Roosevelt and Kermit accompanied by Mrs. Roosevelt and Miss Ethel will look over the staterooms.

For Family Reunion.

During the latter part of this week Mr. Roosevelt's sons Theodore Jr. who is employed at Thompsonville Conn. Archibald who is attending school at Groton Mass. and Quentin now at the Episcopal High School Alexandria Va. will come home to attend a family reunion. Mrs. Nichol Longworth Mr. Roosevelt's eldest daughter is expected at Sagamore Hill.

MR. THOMAS IS EXPELLED BY TEXAS SENATE

Gentleman from Hopkins County Loses Seat in Upper House by Vote of 21 to 8.

Austin Tex. March 13.—The friction which has existed in the Texas State Senate because of the charges made by Senator H. Bascom Thomas of Hopkins county sometimes upon the floor of the senate but more especially through the public prints culminated today in the expulsion of Senator Thomas from that body by a vote of 21 to 8.

The immediate cause of this drastic action was a statement which Senator Thomas gave to the press this week criticizing the senate for its action in respect to the report of the committee which investigated his charges that there had been wholesale violations of the anti-lobby law. Prior to this the senate had been dealing with alternate charges and retractions from Senator Thomas but his use in the statement of the words graft and corruption in connection with the legislature caused the senatorial wrath to boil over or its patience to exhaust.

Through the good offices of Senator Cofer Mr. Thomas was given a chance to prove the truth of his charges and after much sawing it was brought down to the proposition that it had been shown in the investigation that Senators and Representatives had played poker with lobbyists that lobbyists had paid their fines etc. Jake Wolters of Houston whom he called to prove that he (Wolters) had given such testimony before the committee absolutely denies it and the committee had done.

This testimony had reference to a particular game. Then the senate ordered that Mr. Thomas might present charges as to any gambling in which Senators participated, involving corruption on their part he having previously explained that he did not mean to apply the graft charge to the senate. It was further ordered that he must specify names but need not specify times and places.

Accused Woman of Bootlegging.

Guthrie Ok. March 13.—Mrs. W. A. Lents the first woman to be admitted to the practice of law in Oklahoma in territorial days was released upon bond from the federal jail here today where she had been placed on the charge of introducing liquor upon Osage Indian lands. Mrs. Lents was once city attorney of Shawnee.

The liquor taken from her by federal officers was in sacks moored to a stake and sunk in the Arkansas river near her home in the Osage country opposite the town of Cleveland.

May Reopen Liquor Agencies.

Guthrie, Ok., March 14.—Failure of the legislature to act upon the dispensary question will probably result in reopening of the state and local liquor agencies although upon this point Gov. Haskell has made no statement. Following the general election the Governor in proclamation closed the agencies announcing that the people's vote had been against the system but in an appeal being taken to the supreme court on a test case for the sale of alcohol that tribunal held that the Billups law in this respect had not been repealed. The state agency was then kept open for sale of alcohol to druggists for pharmaceutical purposes but the announcement was made that no action would be taken toward the local agencies until the legislature had been given an opportunity to act.

A bill by Senator Billups reducing the state agency to an alcohol supply house for pharmaceutical purposes and abolishing the local agency system passed in the senate but died in the house without being called on the calendar.

Gov. Haskell's friends say that every opportunity has been given to correct the law and that in the absence of legislative action presumption is in favor of the local dispensary system.

A SMALL BLAZE.

An alarm at 10 o'clock this morning brought the fire department to the residence of W T Cox on South Reppie ave, where a small blaze had been precipitated supposedly by a smolder from the blue lodging in the shingles on the south side of the roof. Fortunately it was discovered before it had gained a headway and the only damage is a small hole in the roof. The fire wagon was a little slow arriving due to the fact that the horses were working the sprinkler at the time and had to be taken to the barn and rebitched

Seriously Injured.

Yesterday afternoon Mr G L Clement of this city happened to a painful and serious accident on Main street in an effort to stop a runaway team. Mr Clement was on the sidewalk when he observed the team coming at full speed and running to the middle of the street he made an effort to reach the reins when he was thrown under the wagon sustaining a fracture of the hip some broken ribs and several other minor bruises and abrasions. His wounds were attended to immediately and there is very little probability of fatal results

YOUTHFUL MIND AT WORK.

Deduction Mother Must Have Found Somewhat Hard to Combat.

Miss Marjorie aged five years is one of those bright children who make the lives of their parents and teachers a burden. Quite recently she paid her first visit to a kindergarten. Upon her return home she grew enthusiastic, begging her mother to allow her to attend the school regularly.

"It was so very nice," she declared sweetly. "And the teacher Miss Lee is so very nice too." She told me if I was a good little girl I would grow up into a pretty lady, but if I was naughty I would grow up an ugly one."

"That is quite true dear," her mother answered with a smile.

Silently Miss Marjorie regarded the fire of pine logs. Presently she burst out: "Then what a naughty naughty little girl Miss Lee must have been!"—The Bohemian

"Then how is it they can't photograph a boy without putting his head in an iron frame?"

GOOD CHANGE

Coffee to Postum.

The large army of persons who have found relief from many chronic ailments by changing from coffee to Postum as a daily beverage, is growing each day.

It is only a simple question of trying it for oneself in order to know the joy of returning health as realized by an ill young lady. She writes:

"I had been a coffee drinker nearly all my life and it affected my stomach—caused insomnia and I was seldom without a headache. I had heard about Postum and how beneficial it was, so concluded to quit coffee and try it."

"I was delighted with the change. I can now sleep well and seldom ever have headache. My stomach has gotten strong and I can eat without suffering afterwards. I think my whole system greatly benefited by Postum."

"My brother also suffered from stomach trouble while he drank coffee, but now, since using Postum he feels so much better he would not go back to coffee for anything."

Name given by Postum Co., Battle Creek Mich. Read "The Road to Wellville," in pkgs. "There's a Reason" lives just the above letter. A new one appears from time to time. They are genuine, true, and full of human interest.

IN AGONY WITH ECZEMA.

Whole Body a Mass of Raw, Bleeding, Torturing Humor—Hoped Death Would End Fearful Suffering.

In Despair; Cured by Cuticura.

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony endured seemed more than I could bear. Blisters and pus oozed from the great sores on my scalp, from under my finger nails and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could but I got worse and worse. My condition was awful. I did not think I could live and wanted death to come and end my frightful sufferings."

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would but had no hope of recovery. But oh what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal and I knew I was to get well again. Then the hair on my head began to grow and in a short time I was completely cured. I wish I could tell everybody who has eczema to use Cuticura. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 23, 1908.

DURANT ENTERTAINS OKLA. LEGISLATORS

LOCATION OF SOUTHWESTERN NORMAL CELEBRATED.

Mass Meeting and Jubilee of Citizens in Court House—Banquet to Visitors at Elks' Club.

The above heading and the article below is a replica of the publicity given by Dallas News to Durant's celebration of the event of securing Southwestern State Normal. This news dispatch not only suggests the amount of legitimate publicity Durant secures through the report of her public spirited and intelligent local Dallas News correspondent of the occasion of the normal celebration, but as well, under the circumstances, there is called to mind the very small advertisement through the metropolitan press afforded Ada on account of her accomplishments. The Dallas News through several issues has reported Durant's state normal achievements under big headlines. What has the Dallas News reported as to Ada, which also secured a state normal? Substantially nothing.

City Attorney Tom Holt is the local Dallas News correspondent. Hard luck.

Durant Ok. March 13.—Durant was in holiday attire today and the festive spirit was manifest on every hand, the occasion being the entertaining of members of the state legislature by citizens of this city in celebration of Durant's recent victory in the legislature for the location of the Southwestern Oklahoma normal school.

Invitations had been extended to Gov. Haskell and the entire legislature and early this morning the senators and representatives many accompanied by their families

ed to arrive. About thirty were in attendance. The governor was unable to attend.

The lawmakers were entertained at the homes of citizens, and during the day were shown about the city. The festivities concluded this evening with a mass meeting and jubilee of citizens in the district court room. The crowd was so great that an overflow meeting was held on the street corner below. Both meetings were addressed by Representative Senator Beeler of Checotah, Senator Colwell of Calumet and Senator Beeler of Checotah. Enthusiasm ran high and the speakers were loudly cheered.

Following the mass meetings a banquet was tendered the visitors at the Elks club. The spread included nine courses, and was the most elaborate affair of its kind ever held in Durant. Attorney W. E. Utterback acted as toastmaster of the occasion, and many of the distinguished guests were called upon and answered in most pleasing manner to toasts appropriate to the occasion. A. C. Risher of this city who was one of the last to speak provoked a round of laughter with a short but eloquent speech in Choctaw.

Among the legislators who were present were Senators Beeler of Checotah, A. P. Stewart of Antlers, M. M. Memminger of Atoka, Jesse Hatchett of this city and Colwell of Calumet, Representatives John R. McCall of Marietta, W. E. Sample of Caddo, Humphries of Atoka, Ben Williams of Antlers, John Wayne of Ardmore, Harry Utterback of Kingfisher, County John Ginner of Ardmore, S. G. Jones of Oklahoma City, Joe Sherman of Majors County, James Lockwood of Lincoln county.

Music for the occasion was furnished by an orchestra from Sherman, and the table was spread in a most elegant manner by the ladies of the Christian church. Plates were laid for 150 and the 100 tickets allotted to be sold in this city at \$2 were taken before noon Friday and more were called for but could not be sold because of the limited capacity of the Elks Club rooms.

The Chamber of Commerce maintains an office in the Durant State Bank Building and its secretary, Attorney John P. Bramhall, devotes practically all of his time in attending to the interests of the association and in entertaining prospective investors or those contemplating locating here.

The affairs of the association are governed by a board of directors.

SPEAKER A. M. KENNEY IS REQUESTED TO RESIGN

Gaines-Hill Resolution Adopted by Texas House After Nineteen Hours' Debate, the Vote Being 70 to 48.

Austin Tex. March 13.—After nineteen hours of memorable debate Speaker A. M. Kennedy of the house of representatives went down in defeat tonight there being a majority of about twenty against him.

Immediately after the vote was taken the speaker took the gavel and declared the regular session at an end. Thereupon he immediately reconvened it in special session in obedience to the governor's proclamation and after the transaction of a small amount of routine business a motion was carried to adjourn until Monday at 2 p. m.

Kennedy's Act on Causes Surprise.

This course on the part of the speaker came as a surprise. It had been expected that when the resolution condemning his course was adopted he would tender his resignation. When he did not do so all but his most intimate friends could not conceal their astonishment. Asked about it the speaker said:

I have nothing to say. I have done too much talking already.

Mr. Davis of Brazos who has been one of Mr. Kennedy's floor managers in this fight said:

"Must Wait for Developments."

"You must wait for developments to ascertain what is going to happen."

The closing scenes of the debate were dramatic and one of the most affecting was when the employees of the house presented the defeated one with tokens of their esteem. The speaker's defeat was forecast on the substitute resolution which his friends advocated. This was tabled by 67 yeas to 50 nays. Then defeat was made an absolute certainty by the adoption of the original resolution. His opponents had offered after it had been changed by eliminating the charge of oral turpitude the vote being 70 yeas to 48 nays.

JUDGE TERRELL WRITES

WOULD NOT DESIRE DISTRICT JUDGESHIP AT THE EXPENSE OF THE GOVERNOR'S APPROVAL OF THE ADA NORMAL BILL.

March 15th 1909
Governor Charles N. Haskell,
Guthrie, Okla.

Dear Sir—As I am an applicant for appointment to the office of additional District Judge, lately created by the legislature for the Seventh Judicial District and as I have heard it stated here that you would not give Ada the Normal School and the Judgeship also I wish to plainly state my position upon this question. Should my candidacy for Additional District Judge in the Seventh Judicial District in any way jeopardize the chances of Ada's getting the Normal School then I will respectfully ask that you consider my application for appointment to said position withdrawn.

I do not know whether the rumor has any foundation in fact or not hence this communication.

Very respectfully,
JOEL TERRELL

ON TO AFRICA IS TEDDY AND SON

ROOSEVELT AND HIS BOY BUSY
PACKING, GETTING READY
FOR THE JUNGLES.

A GOOD-BYE REUNION

Theodore Jr. Coming from Connecticut, Arrive from Virginia School. Mrs. Longworth to Be There.

Oyster Bay, L. I., March 14.—Form or President Roosevelt and Mrs. Roosevelt walked today from Sagamore Hill to the Episcopal church for the morning service and afterward returned home on foot covering all the six miles. Several callers were received by Mr. Roosevelt in the afternoon. The sponsor chief executive will enter on the formal work of preparations for the Roosevelt-Smithsonian expedition tomorrow. It will be about a week as considerable packing remains to be done and business affairs of the former president also will require some of his time. These latter matters will be set in order in anticipation of at least a two years absence abroad.

To Inspect Boat Quarters.

Farewells to numerous friends and relatives are to be said and a visit to Hoboken is contemplated to inspect the party's quarters aboard the steamer and see that the outfit of the expedition is safely stowed away where it can be quickly reached and transhipped at Naples. One day of the week will be devoted to a family reunion at Sagamore Hill. In addition to all this Mr. Roosevelt will spend some time each day as is his habit in outdoor exercise and he hopes also to have a chance early in the week to try out the rifles he will use during the hunt on the target range near his home. His duties as a magazine editor will take him to New York several times during the week.

Scientists Expected

It is expected also that during the week the Smithsonian members of the expedition will come to Oyster Bay for a final conference with Mr.

Roosevelt. There will be numerous boxes and trunks to pack with articles comprising the personal effects of Mr. Roosevelt and Kermit.

Large Supply of Clothing.

Each has provided himself with a large supply of clothing for tropical wear. Mr. Roosevelt has over a dozen pairs of shoes and boots of leather and rubber. Some are hobnail and others rubber soles. They range from the ordinary styles to those with tops extending above the knee. Kahki cloth is the principal material from which the outer clothing of Mr. Roosevelt and Kermit is made. Several suits made from waterproof material are included in each outfit. The rifles of Mr. Roosevelt and his son will receive more care than anything else in their equipment. These are enclosed in special water-tight cases. The photographic kit of the expedition of which Kermit has charge is a model of its kind. The young man is very proud of it and he feels the photographs he is to make are to be of as great importance as the specimens of animals his father will shoot for the national museum. These photos will form a scientific collection of themselves. The steamer Hamburg on which the members of the expedition will make the first leg of their trip will reach Hoboken toward the latter part of the week and Mr. Roosevelt and Kermit accompanied by Mrs. Roosevelt and Miss Ethel will look over the staterooms.

For Family Reunion.

During the latter part of this week Mr. Roosevelt's sons Theodore Jr. who is employed at Thompsonville Conn. Archibald who is attending school at Groton Mass. and Quentin now at the Episcopal High School Alexandria Va. will come home to attend a family reunion. Mrs. Nichol Longworth Mr. Roosevelt's eldest daughter is expected at Sagamore Hill.

MR. THOMAS IS EXPELLED BY TEXAS SENATE

Gentleman from Hopkins County
Loses Seat in Upper House by
Vote of 21 to 8.

Austin Tex. March 13.—The trial which has existed in the Texas State Senate because of the charges made by Senator H. Buscom Thomas of Hopkins County sometimes upon the floor of the senate but more especially through the public prints culminated today in the expulsion of Senator Thomas from that body by a vote of 21 to 8.

The immediate cause of this drastic action was a statement which Senator Thomas gave to the press this week criticizing the senate for its action in respect to the report of the committee which investigated his charges that there had been wholesale violations of the anti-lobby law. Prior to this the senate had been dealing with alternate charges and retractions from Senator Thomas but his use in the statement of the words graft and corruption in connection with the legislature caused the senatorial wrath to boil over and its patience to exhaust.

Through the good offices of Senator Coker Mr. Thomas was given a chance to prove the truth of his charges and after much seesawing it was brought down to the proposition that it had been shown in the investigation that Senators and Representatives had played poker with lobbyists that lobbyists had paid their fines etc. Jake Wolters of Houston whom he called to prove that he (Wolters) had given such testimony before the committee absolutely denies it and the committee had done.

This testimony had reference to a particular game. Then the senate ordered that Mr. Thomas might present charges as to any gambling in which Senators participated, involving corruption on their part. He having previously explained that he did not mean to apply the graft charge to the senate. It was further ordered that he must specify names but need not specify times and places.

Accused Woman of Bootlegging.

Guthrie Ok. March 13.—Mrs. W. A. Lents the first woman to be admitted to the practice of law in Oklahoma in territorial days was released upon bond from the federal jail here today where she had been placed on the charge of introducing liquor upon Osage Indian lands. Mrs. Lents was once city attorney of Shawnee.

The liquor taken from her by federal officers was in sacks moved to a stake and sunk in the Arkansas river near her home in the Osage country opposite the town of Cleveland.

May Reopen Liquor Agencies.

Guthrie, Ok., March 14.—Failure of the legislature to act upon the dispensary question will probably result in reopening of the state and local liquor agencies although upon this point Gov. Haskell has made no statement. Following the general election the Governor in proclamation closed the agencies announcing that the people's vote had been against the system but an appeal being taken to the supreme court on a test case for the sale of alcohol that tribunal held that the Billups law in this respect had not been repealed. The state agency was then kept open for sale of alcohol to druggists for pharmaceutical purposes but the announcement was made that no action would be taken toward the local agencies until the legislature had been given an opportunity to act.

A bill by Senator Billups reducing the state agency to an alcohol supply house for pharmaceutical purposes and abolishing the local agency system passed in the senate but died in the house without being called on the calendar.

Gov. Haskell's friends say that every opportunity has been given to correct the law and that in the absence of legislative action presumption is in favor of the local dispensary system.

THE Ada National Bank

wishes to call your attention to two

FACTS

It has been under ONE continuous MANAGEMENT since the organization. Now in its NINTH year. The BANK that has helped to build ADA and assisted more FARMERS than any institution in—

Pontotoc County

Mesdames Ebey and McKeown.

When the state normal vote was pulled off in the house, Ada was represented on the floor and in the gallery with two of her accomplished ladies. Mrs. W. H. Ebey sat with the chief clerk of the house, whose desk is at the stand of the speaker. Mrs. McKeown graced the gallery and honored Ada's gentlemen representatives and boosters by sitting in their midst and leading the gallery applause.

These ladies added lustre to the occasion and enjoyment to the achievement of victory.

It is suspected that more than one Oklahoma legislator, when he had cast his righteous vote for Ada, directed his glance to the wife of the chief clerk to receive the charming, un-failing smile of appreciation.

A SMALL BLAZE.

An alarm at 10 o'clock this morning brought the fire department to the residence of W. T. Cox, on South Repple, Ave., where a small blaze had been precipitated supposedly by a sinder from the fire logging in the shingles on the south side of the roof. Fortunately it was discovered before it had gained a headway and the only damage is a small hole in the roof.

The fire wagon was a little slow arriving, due to the fact that the horses were working the sprinkler at the time and had to be taken to the barn and hitched.

Seriously Injured.

Yesterday afternoon Mr. G. L. Clement, of this city, happened to a painful and serious accident on Main street in an effort to stop a runaway team. Mr. Clement was on the sidewalk when he observed the team coming at full speed, and, running to the middle of the street, he made an effort to reach the reins when he was thrown, under the wagon, sustaining a fracture of the hip, some broken ribs and several other minor bruises and abrasions. His wounds were attended to immediately and there is very little probability of fatal results.

Hit in His Pockets.

C. W. Floyd, county commissioner, who was one of the normal boosters in Ada when the normal bill passed, phoned the good news to his family and during the conversation he passed the pleasant thought that he would bring the normal home with him. When Charlie was on his way to his home from the depot following his arrival, as was her custom his little daughter met him and began to vigorously search his pockets. Finally she broke down in disappointment. "Papa, I thought you were going to bring the normal home with you."

Thanks by Colonel and Mrs. Cox.

SOME REASONS WHY IT PAYS

THE FARMER TO HAVE A TELEPHONE

The dollars saved keeping in touch with the markets will pay the price many fold.

In case of an emergency when a doctor or neighbor is needed, life or property may be saved.

The telephone has done away with the old time isolation that handicapped social life in the country and drove young people to the city.

It is then a saver of life, money and property and is a pleasure to all the family. For information
